- ATTENZIONE**

## Introduction

Le corde dovrebbero sempre essere manovrate sotto la supervisione di adulti.

Figure 1. The effect of the number of trials on the number of correct responses. The number of correct responses was significantly higher for the 10 trials condition than for the 5 trials condition. Error bars represent the standard error of the mean.

- Zgodność z EN 13120

Placer senege yluqer na andre mæbler således at disse ikke kan bruges til at komme tæt på produktterne
